

## LINE TO INDIAN HEAD FAVORED BY HOUSE NAVAL COMMITTEE

The District is likely to be connected by rail with Indian Head, Md., the site of the naval proving grounds. A bill has been favorably reported by the House Naval Committee which

gives authority to the Secretary of the Navy to enter into a contract with the Washington and Newport News Railroad Company for the construction of a line connecting the District with Indian Head. The line is part of a project which is expected ultimately to extend from Washington to Newport News. Congressman Mudd of Maryland has been a strong supporter of the bill, because the line would open up parts of Prince George's and Charles counties in Maryland which have had to depend on river transportation and auto trucks. The Government will assist the road by guaranteeing it \$300,000 for transportation of freight for the Navy Department. The Washington terminal is expected to be in the vicinity of Benning.

## ACTOR WORLD PAYS HOMAGE AT BIER OF JOSEPH KAUFMAN

Mrs. N. Kaufman has returned to her home in Washington after attending the funeral of her son, Joseph Kaufman, former prominent film actor and director, whose death occurred on Friday last, after an illness of four days. Overwork and exposure while directing a feature photograph to be released shortly by Famous Players is said to have caused his death. Kaufman was born in Washington thirty-five years ago. He attended Georgetown University, and later removed to Philadelphia. He became associated with the Lubin company as an actor. He later became their chief director. He was leading man with Ethel Clayton, and was also her director. She later went with World Pictures and Kaufman went with Mack's Famous Players.

Married Miss Clayton. Four years ago the Washington man married Ethel Clayton, and they were planning to spend a belated honeymoon in Japan at the completion of a feature picture he had recently been engaged to direct in which his wife would appear. Mr. Kaufman had directed many stars, among them being George M. Cohan in "Broadway Jones," Billy Burke, Marguerite Clarke, Clara Kimball Young, and others. It is said that more stars of the silent and spoken drama appeared at his funeral than have gathered together on any other occasion in years.

Did Much For Film. Kaufman was the organizer of the Motion Picture Directors' Association of America, and President Dawley, of the association, declared that Kaufman had done as much for the motion picture industry as many men twice his age. Besides his wife and mother Mr. Kaufman is survived by a sister, Mrs. I. Goldsmith, whose husband is monarch of Kallipolis Crotto, in Washington. The home of the family is in Millwood apartments.

## BAKER ORDERS MORE PARADES FOR TROOPS

The American soldier now training in this country for the trenches in France is to be more in evidence hereafter as the result of an order just issued by Secretary Baker authorizing and advocating the frequent holding of reviews and parades, in order that the country may see the development of its sons under military training.

The order was inspired by the lesson taught by the second public appearance of New York State troops. On their departure for camp they marched through New York city. Several months later they appeared there in parade, and the improved physical condition and military bearing of the men caused much favorable comment. Secretary Baker is anxious that the whole country shall see how the men are progressing in their training.

## RED CROSS TO URGE BAN ON GAS ATTACKS

GENEVA, Feb. 8.—The International committee of the Geneva Red Cross unanimously decided at a meeting to address an energetic appeal to the government of belligerent countries not to employ poisonous gases in warfare. The text of the appeal will be published shortly. Swiss military circles are of the opinion the appeal is too belated to have any vital effect in coming battles.

## BOLO AIDED KAISER IN MANY NATIONS, WITNESSES AVER

PARIS, Feb. 8.—How Bolo Pasha not only aided Germany through propaganda work here but in many other nations is being brought to light in his trial here today on a charge of treason. In Italy, Switzerland, Egypt and even in America Bolo was active during the last two years of the war, witnesses claim, as an agent of the Kaiser. One witness testified that while in America, Bolo prevailed upon J. P. Morgan, of New York, to subscribe 50,000,000 francs to the Perier Bank for use in establishing a branch bank in Cuba. The Perier Bank, the witness said, was to put up 40,000,000 francs. The plan failed to materialize. Bolo often boasted that he never kept books, but had in his mind all business transactions in which he engaged. One witness, Madame Marie Lafargue, one time an intimate of the former Khedive of Egypt, friend of Bolo, said she once borrowed a sum of money from Bolo and that he had mortgaged a mortgage on her home, but secured a note signed by herself, her mother and her brothers.

INJURED IN CRASH; DIES. Samuel Minor, colored, forty years old, of 119 Chew court northwest, who was injured on February 1 when he was caught between an automobile truck and a car of the Washington Railroad and Annapolis Electric Railroad Company at Second and H streets, died at the Casualty Hospital early this morning.

INDEBTEDNESS REDUCED. Seven hundred dollars is today knocked off the indebtedness of the new Holy Rosary Church as a result of the entertainment and dance given last night by the Holy Rosary branch of the Holy Name Society at Carroll Hall. Appeal for the purchase of war savings stamps was made by Charles W. Darr. Music was furnished by the Marine Band.

## COLORED TROOPS AT MEADE SOON MAY GO TO RILEY

CAMP MEADE, Md., Feb. 8.—That two regiments of colored troops training here soon will be concentrated with their division at Camp Funston, Fort Riley, Kan., was indicated today following an inspection by Maj. Gen. C. C. Ballou, commander of the division, who made a trip from the Western camp to see if the two units are in shape. The two regiments are the 368th and 369th Central Postal Directory, which were concentrated at Camp Meade because of crowded conditions at Camp Funston, and it is assumed they soon may be mobilized with their division. The District Machine Gun Battalion, headed by its newly organized file and drum corps, is just back from the longest hike of the year. The men started out early yesterday, and with the exception of the regulation rests of ten minutes each hour and the time out for mess, were on the road until sundown. The men returned to camp in the best of spirits, without a man having fallen out.

With the Fingers! Says Corns Lift Out Without Any Pain

Sore corns, hard corns, soft corns or any kind of a corn can be lifted right out with the finger if you will apply directly upon the corn a few drops of Freestone, says a Cincinnati authority. It is claimed that at small cost one can get a quarter of an ounce of Freestone at any drug store, which is sufficient to rid one's feet of every corn or callous, and to prevent the recurrence of the danger of infection. This new drug is an ether compound and while sticky, dries the moment it is applied and does not inflame or even irritate the surrounding tissue. This announcement will interest many women here, for it is said that the present high-heeled footwear is putting corns on practically every woman's feet.

## BRITISH ARMY IS RECRUITING JEWISH BATTALION IN U. S.

Jews, subjects of Great Britain and of the entente allies, but not citizens of the United States, are today appealed to by the British government to enlist in certain units of its army. As an inducement the British promise the Jews, now coming from all parts of the globe to wage war against the Kaiser, service in the near East. The British war office aims to use its Jewish battalions in and around Palestine.

Although Washington Jews, who have not yet taken out their naturalization papers are urged to enlist, the nearest British recruiting station is at 929 East Broad street, Richmond, Va.

Already the provisional executive committee for general Zionist affairs has voted \$1,000 for comfort kits for the Jewish battalion in the British army.

Jewish recruits will be placed in the Jewish battalion of the Middlesex Regiment, which unit is composed entirely of Jews. The men of this regiment fight under the shield of David. Pay allowances are at the usual British army rates. Recruits will be returned to the country if they so desire, within six months of the termination of hostilities.

## PROPERTY OF INTERNED ALIENS TO BE TAKEN OVER

The alien property custodian is to take over and administer the property of all aliens interned by the War Department. This action is to be taken under the Presidential proclamation extending the necessary power under the trading with the enemy act. It is designed to prevent such interned men from carrying on from internment camps trading activities, which might be inimical to the interests of the United States. The men of large means who have been interned as dangerous to the property of the United States will all have their property taken over. The order does not apply to alien enemies other than those held in camps.
